STATINTL

Dear Bill:

STATINTL

Thank you very much for your kind words on the performance of [redacted] and company. I will pass these along to Lloyd, since they will be much appreciated after a long and difficult uphill climb. As you know, we are not yet at the top, but believe we can begin to see the summit.

We appreciate all the time that you have spent trying to bring this matter into clearer technical focus.

Sincerely,

Albert D. Wheelon
Deputy Director
